

Regionalizing Grape Quarantine and Certification Programs in the Pacific Northwest

**An outreach series for nurseries, grape growers, interested wineries and processors,
as well as buyers of nursery products from big box stores.**

*These outreach presentations provided through funding from USDA APHIS PPQ 10007
entitled: Harmonizing Grapevine Nursery Stock Certification Programs in the PNW*

*The participating organizations in this project include the Washington Wine Industry
Foundation, and the state Departments of Agriculture of Idaho, Oregon and Washington.*

These Outreach Sessions are FREE but please register your attendance here:
