

POWERS SABBATICAL

Bill Powers, the late owner and general manager of Badger Mountain Vineyard, passed away in 2013. Bill had an insatiable desire to find new and best practices to grow better wine grapes. In 1990, Bill transitioned his own enterprise to become the first certified organic wine grape vineyard in Washington State and was later inducted into the Legends of Washington Wine at the Walter Clore Center.

In honor of Bill, his family and associates developed the Bill Powers Sabbatical Fund to enable a professional currently employed in the Washington State grape or wine industry to undertake a sabbatical in an established wine-producing region of the world to learn about an aspect of wine grape growing and/or winemaking that will further their professional career and benefit the Washington grape and wine industry.

The sabbatical awards up to \$5,000 to one individual currently working in the Washington state grape or wine industry with at least five years of experience. Funds may be used for travel, room and board, education-related expenses, and/or reporting-related expenses.

The Washington Wine Industry Foundation (WWIF) manages this sabbatical fund and award process on behalf of the Powers family. **The deadline for the 2019 Powers Sabbatical is April 30, 2019.** An award is made once per calendar year.
