

2024 BILL POWERS SABBATICAL INSTRUCTIONS

Bill Powers, the late owner and general manager of Badger Mountain Vineyard, had an insatiable desire to find new and best practices to grow better wine grapes. In 1990, Bill transitioned his own enterprise to become the first certified organic wine grape vineyard in Washington State and was later inducted into the Legends of Washington Wine at the Walter Clore Center.

In honor of Bill, employees of Badger Mountain Vineyard and Powers Winery developed the Bill Powers Sabbatical Fund at the Washington Wine Industry Foundation to facilitate the funding of an industry professional's sabbatical to an established wine-producing region of the world.

A sabbatical leave is a period in which an employee takes an extended break from work. The reasons for taking a sabbatical can vary from educational to personal. The Bill Powers Sabbatical award is made once per calendar year for an individual to learn about an aspect of wine grape growing and/or winemaking that will benefit the Washington grape and wine industry.

Recipients of the Bill Powers Sabbatical identify their own subject matter and curriculum with the intention of reporting their learnings in order to advance the Washington wine industry. Sabbaticals are to be taken within a year of being awarded.

Completed applications must be received on or before July 15, 2024, You may submit hard copies of all documents via post, or in a single PDF, as noted on page 4 of these instructions.
